The Whitman High School Yearbook

Class Motto—He Conquers Who Believes He Can

Class Flower—Red Rose

Class Colors—Blue and Silver

FOREWORD

We are now leaving Whitman High and realize that we have passed another milestone on the road to citizenship. Some of us have completed our formal education, but all of us have finished our education in the Whitman schools. As we look back over the pleasures and accomplishments of our four years at Whitman High School, we believe that we have lived our high school lives to the fullest.

We of the Yearbook Staff hope that this book is a true account of these most enjoyable four years that we have spent together.

DEDICATION

To Mrs. Louise Payton, whose cheerful smile and friendly advice helped us immeasurably during our three years of organization, we express our sincere thanks. She was always willing to help with every problem that confronted us. We appreciate her generosity and patience in skillfully guiding our class to the success it has enjoyed in its various projects. Our best wishes to her and our congratulations to the next class that she will advise.

To Mr. Gordon W. McKey, who worked with Mrs. Payton as adviser during our sophomore and junior years, we owe a debt of gratitude far greater than our class can repay. He was a constant inspiration in our endeavors, and he gave unstintingly of his time and effort to insure the success of our activities. This dedication is a token of the esteem in which Mr. McKey is held by the Class of Nineteen Forty-six.

Class Ode

By Edna McClellan and James Harrington

At Whitman High we met our friends
Our work and play to share.
We walked together on learning's road
Our future to prepare.

We dreamed with those of kindred dreams,
For such is friendship's gift.
We listened to the ages' thought,
And felt its power to lift.

With courage now we face the world,
With eager heart and hands.
No longer must our youth be given
To answer war's demands.

No easier tasks are those of peace,
But come what may—we'll try
To measure up to those ideals
We were taught at Whitman High.

CLASS HISTORY

By Lorraine Webber and Alden Gilman

Remember that day in September, 1942, that we entered Whitman High? The sun was probably shining and the birds were no doubt singing; but we saw dark clouds, cold rain, and withering scowls from upper classmen. We found the race to the lunchroom quite confusing at first, but we soon learned to use our elbows and heels to the best advantage, and to shove our way as far up in the line as possible. The monitors proved quite helpful in telling us where our rooms were, and as poor frightened Freshmen we were so quiet we didn't receive any slips to 116.

As the year passed, we began to take a small part in the school life. We readily pledged our half dollars to the A. A. drive, and many of our boys were to be seen charging up and down the football field in pursuit of a curiously shaped piece of leather. Our home-room presidents took an active part in the affairs of the Student Council; and the baseball season found our classmates showing the upperclassmen how the game should be played. We also joined the Photography Club, Glee Club, Band, and Orchestra. As Freshmen, we were eager to please the student body and win the friendship of the upperclassmen. We consequently subscribed cheerfully to all the drives and gave freely of our time and effort.

Against the backdrop of some of the darkest days of World War II, we applied ourselves to our studies with persistent diligence, knowing that we would find great need for our knowledge in the near future. Consequently, we felt that we were ready for our Sophomore year by June of 1943.

SOPHOMORE YEAR

After mastering the stumbling blocks of our Freshman year, we returned to school in September of 1943, finding that we were to be under the guidance of Mr. McKey and Mrs. Payton. It was a big thrill for us during the first few days to look on with amusement at the perplexed and bewildered Freshmen, never remembering that we were once just as confused.

At this time we began the first organizing of our class and elected as our officers: Joseph Comerford, president; Margaret Gaudette, vice-president; Stephen Cole, treasurer; and Shirley Tero, secretary.

Some members of the class began to participate in more extra-curricular activities, and we became aware that we were really a part of high school life. Although the boys' schedule was complete to the end of the year, the girls were handicapped by the loss of their gym teacher during the second semester.

Our first social task, the sponsoring of the Sophomore dance, the Roseland Shuffle, was considered quite an undertaking by us. When we saw our friends, Freshmen, Juniors, and even the great Seniors at our dance, our pride and confidence knew no bounds. Our pleasure was complete when we learned that the dance was a great success, both socially and financially.

JUNIOR YEAR

Vacation was welcome; but when September came, we returned to school with a determination to make our Junior year one that would be well worth remembering. We were not to be disappointed because many new and exciting opportunities were to come our way throughout this year.

The class met and chose as our officers: Allen Marshall, president; Margaret Gaudette, vice-president; Stephen Cole, treasurer, and Shirley Holmes, secretary.

Our first assembly was held by the A. A. This traditional assembly gave us an opportunity, as Juniors, not only to contribute our share financially, but also to help stimulate enthusiasm on the part of the other members of the school.

Football came into season and we thronged the field, eager to watch some of our own class members carry the ball across the line.

Our Junior dance, based on the picture, "Holiday Inn," was something novel in the way of decorations. Once again we enjoyed the patronage of the student body.

Six assemblies were enjoyed during the year. These assemblies, consisting of outside talent, contributed greatly to our knowledge and entertainment.

The Dramatic Club was open to all who cared to participate in its numerous, interesting activities. It was easy to see that, because of our poten-

tial talent, our class play in our Senior year would be one to remember.

Our first formal, the Junior Prom, was held on April 11 in the Whitman High School gym. Colorful gowns, well-selected decorations, and a gay atmosphere were not soon forgotten and will always remain in our memories as one of the most delightful events in our four years of high school.

The Ellen Conway Spellman contest was the first opportunity for the members of the Junior class to show their ability and initiative. The contest was held in May; and, much to our delight, the Junior class came out on top with two of its members, Dolores Bowles and Robert Case, as the winners.

Several committees were organized, consisting of both boys and girls, to usher at the Senior class day and graduation exercises. We felt honored to be of service to the Senior class and gave our assistance willingly.

As the end of our Junior year drew near, we discovered that Mr. McKey, our able adviser, would not be with us in our last year of school. He had been of great assistance to us, and we regretted his leaving.

SENIOR YEAR

Summers have a way of passing very quickly, and we became full-fledged Seniors in September, 1945.

We accepted class responsibilities immediately, choosing as our officers: Allen Marshall, president; Peggy Gaudette, vice-president; Pat Allen, secretary; and Stephen Cole, treasurer. Our officers, together with the advisers, Mrs. Payton and Mr. Stackpole, have done an excellent job of leading us through this most important year of our school lives.

The first dance of the year was run by the Student Council, its purpose being to get all the students acquainted.

The A. A. assembly, launching the drive for members, was an outstanding success. Led by our cheer leaders, we made the very walls of good old Whitman High School ring; and we believe the roof was raised at least ten feet. Mr. Lane told the usual jokes, but we were polite and laughed anyway. We must admit, though, that Mr. Lane's speech was one of the highlights of our assembly.

With Giberti and McCarthy as co-captains, and Coach Malinowski providing a powerful incentive, the football team worked itself into a closely co-ordinated group, who played with speed and power. Morale was high, and a very large number of spectators came to every game.

The first Senior Dance, "The Football Kick-off," was a great success. The gym was crowded, and everyone had a marvelous time. We think that our dances have always been a success because we have tried to have the best decorations possible.

The ring committee met early in the year and selected samples from which our class ring was finally chosen. These beautiful onyx and gold rings will serve to remind us of Whitman High throughout the rest of our lives.

The Senior Class Play, "Meet the Duchess," presented on December 16, was a tremendous success. Mrs. Avery must have had a touch of genius, because it was the funniest play we have ever seen. We remember Robert Case's portrayal of a film magnate, and Steve Cole's performance as a Shakesperean actor, along with that tall, exotic French Duchess, as played by Barbara Benson.

About this time, Tuesday and Thursday afternoons became rather hectic, for members of the chemistry classes were coming back to do experiments. It seems to be a law of nature that chemistry students will produce the foulest smells imaginable and that a thick blue fog is destined to appear in the lab whenever any two chemicals are mixed.

The basketball season found the gym converted into a madhouse of energetic players learning the fine points of the game under the able leadership of Coach Malinowski. The game which we will always remember as the one which best showed Whitman's spirit was the one with Middleboro. Our team showed itself to have the stamina and spirit necessary to stand up under the strain of a nerve-wracking game.

The annual football banquet, held on February 7, 1946, was a great success. The food was good, the speakers entertaining, and the movies and dance afterward very enjoyable. The awards were received amid much applause, making an altogether unforgettable night.

During the course of the year the Student Council did an excellent job of governing the school.

The Council wrote an important amendment into its constitution, giving the Industrial Arts boys a representative on the Council.

The Dramatic Club, under the direction of Miss Brega and Mrs. McInnes, has presented us with three fine plays during the year, "Elmer Cleans Up," "The Telegram," and "The House of Greed." The Club's plays are always amusing, and the acting has been excellent, making a program that is thoroughly enjoyable.

This year the Sophomores under Miss Shea put on an interesting little play entitled "Finders Keepers." The Sophomores are good, but we think that for the essence of dramatic art it is necessary to come to the Seniors.

The Yearbook Staff was chosen in the spring, and its work has given us a true account of the time we have spent together. The staff has worked hard to turn out this book which will serve as a reminder of the best and happiest four years of our lives. It will stand as a record of our achievements during these four years and as an inspiration to future classes.

Our baseball team was of the very best, showing power and speed. The team played smart ball, and a successful season was enjoyed.

Throughout the year the girls have taken a great interest in sports. Basketball has proved to be the most popular of the girls' sports, and, paced by Dorothea Eidler and Shirley Holmes, the team made a fine showing.

In the spring, we chose the red rose as our class flower and blue and silver as our class colors. Our motto was "He conquers who believes he can"; and we intend to tune our lives to this hopeful thought.

Class Day exercises were very impressive, showing our parents and friends what we had done during our four years at Whitman High School. The Class Day Play was well carried out, the theme being "Crossing the Equator." The social hour which followed was a fitting climax to the day.

Our Graduation was unforgettable. Here was the night for which we had worked four years, for which we had studied, recited, and worked hard. When we received our diploma and stood to sing the Class Ode, we knew it was worth it and that we went out into the world well prepared for its test of our ability.

We met as Alumni at our Senior Reception. As we bade goodbye to our classmates and wished them the best of luck, we realized that we were seeing our friends for the last time and that our school days were over.

CLASS PROPHECY

By Dorothea Holmes, Sidney Moffatt, and Edward Giberti

News flash! Attention! Alden Gilman, head scientist of the Whitman Institute of Scientific Research with his staff, consisting of James Baird, Dorothy Milonas, and Raymond Lewis, have just reached the moon by means of a newly developed rocket ship—"The Luna Tick." Professor Gilman was accompanied by a group of settlers made up of his former classmates of Whitman High.

Already I see the well-known building contractors, Hank Straffin and Bill McCarthy, working feverishly to establish living quarters for members of the Luna Land Expedition. Eddie Blanchard's "Presto Pre-fabricated Houses" are already up. We know they are good. Loretta Raby has just opened up her new dress shoppe, "La Petite Parisienne"; and whom do we see modeling the latest fashion, the Luna Skirt, but Barbara Nichols, Ann Reed, and Peggy Towler waltzing to Phyllis Monahan's piano accompaniment. Of course Joe Comerford, the supervisor of these models, as usual has the situation well in hand.

As we gaze out of the window, we hear the strains of the Luna Chorus under the direction of Dolores Bowles. She and Mary Sweeney are singing a duet, "I'll see you in my dreams in '56", to the accompaniment of Chet Yankowski, a famous boogie specialist and also concert artist. Richard Josselyn, a distinguished member of the orchestra was just taken ill in the middle of the "Obligato." He's being rushed to the Luna Hospital. Yes, there's gentle Edna McClellan, who is head nurse of both day and night shifts at the hospital. My, what a peaceful institution, but it isn't surprising; for the staff is made up of those quiet and subdued girls, Lorraine Webber, Dotty Eidler—who is always singing "There Will Always Be a Buddy"—and calm and peaceful Audrey Perry. Allen Marshall, the Chief of Staff, has just entered the operating room, followed by his retinue of efficient Shirley Holmes, bashful but comical Harris Penniman, and brash Sidney Moffat. Someone's on the operating table. Well, let's see. Under all these bandages I detect the visage of John Hutchinson, poor boy. He shouldn't have eaten that ice cream called the "Crowley Special."

A very modern hosiery shoppe, operated by

Robert Case, who is president, vice-president, secretary, and treasurer of his firm, nearly collapsed the other morning because of a tumult caused inside the building by a frightened scream of Miss Lois Hatch, an assistant. It seems that innocent Rolf Scherman was playing "Macbeth" and practised the dagger scene on her.

Theresa Lipinski recently won the annual gum-chewing contest, and as a prize she is to dine at the Milky Way Hotel with Hollywood's new find, Francis "Horace" Burley.

Roy Swan, George Dupree, and Peewee Fahrenholt have just completed construction of their new $12,000,000 shoe factory. Barbara Cavicchi and "Peg" Gaudette have taken positions as secretaries in this super deluxe factory in Luna Land, and Roy and George well agree that both these girls make excellent figures.

Steve Cole has just developed a new bicycle built for three. After his invention was completed, he suggested that on his new model he would streamline the appearance by the addition of "superchargers", an invention perfected and patented by the great scientist, Paulina Phillips.

On Luna Tick Island, a great metropolis now stands, and on the corner of South Avenue and Washington Street we notice the world's largest Pool and Billiard Parlor operated by the now famous Robert Carney and Perley Pratt. Bob's ambition finally came true when exactly ten years from the day he graduated he shot a perfect rack. Tonight he and his co-owner are playing in the final game of the Moon's championship tournament.

Eddie Cornell, brilliant automobile manufacturer, tried out his new, closely seated coupe and was accompanied by that charming socialite, Miss Evelyn Blanchard. A little misfortune occurred as Eddie was hugging the curve on the left side of the road; and as a result they were treated at the home of Dr. Crawford Wright, a well-known veterinarian and horse doctor. Upon diagnosis of the two cases Dr. Wright reported "Nothing Serious."

An entirely different idea for a restaurant on Luna Land has been developed by Pat Allen, whose specialty is "Shoo Fly Pie" and "Apple Pan Dowdy". Grace Avery and Lillian White are strong supporters of these dishes, claiming each is a great reducing agent.

Jane White and Dorothea Reed are working on the fantastic idea of developing an automatic device, which, they hope, will prevent hour-long conversation between Lunaville and Tunaville, (any similarity between Tunaville or Luna Land and Toonerville and "Smoky Stover" is purely inescapable and intentional), two neighboring towns, but she confesses that the real criminal was Edwin Thurston, one of the greatest actors ever to appear on the stage.

In Luna Stadium before a capacity crowd we see Bert Brine's team, the Elm Street Flyers, playing against the powerful Irish team of Red Harrington from the neighboring planet, Jupiter. Starring in the backfield for the Irish team is Eddie Giberti, who has just completed an eighty-five yard run before being tackled on the goal line by that speedy and powerful Dick Stetson of the Elm Street Flyers. On hand to watch the game is Barbara Benson, now heiress of the Benson Cosmetic Company, and her private secretary, Jean Craig. After the game, as we emerge from the stadium, we meet Cliff Laubinger proudly driving his new Lunaville Trolley. He is a proud owner because he has waited a long time for this day to arrive. Seated in the trolley is David Kaiser, ex-trumpeter of Harry James's band and now leader of his own well-known dance band. He has just completed a long engagement at the "Hotel Venus" and is now returning to his home aboard the new and curvatious "Lunaville Trolley."

Arthur Racicot, the well-known barber and ladies' stylist, had a close shave the other day when two of his most competent operators, Dorothy Coates and Barbara Gay, accidentally dyed Marjorie Tees's blonde tresses green after trying some of Miss Bateman's new super-duper hair dye.

Anna Bunar, telephone operator of "Lunaphones, Incorporated," says there is to be a play written by Elizabeth Torrey and Gerry Waitt soon to be given at the "Shooting Star Theater," where movie Producer Alfred Tripp is featuring the two sensational jitterbug queens, Mary Doran and Doris Raymond.

It is rumored that Ann Perry, just arriving from Canada, accompanied by her closest friend and associate, Joyce Logan, is going to found a new bank, the vice-presidents of which will be Beryl Singleton and Mildred Elwell, that is, if President Eddie Howe will give his consent. There will be a slogan over the entrance to the bank which will invite all who read it. "A dollar a day today someday will amount to much hay."

An expedition of women scientists, comprised of Hazel Weeden and Wanda Danksewicz, has just set out to disprove that old theory that the moon is made of green cheese. They are accompanied by Beverly Hedderieg, who has just completed a very valuable invention which will aid greatly "Presto Prefabricated Houses." Upon their return Edith McClellan will write a book relating their travels.

And now, since that very memorable day in June in the year 1946, we have succeeded in reaching, settling, and living on the Moon. Now we, the class of '46, turn over to all other succeeding classes of W. H. S. the duty and obligation of continuing where we left off by exploring and settling the wonders of some of the other planets Mars, Pluto, Jupiter, Venus, or Saturn.

CLASS WILL

By Dorothea Milonas and George Fahrenholt

After four unforgettable years of work, fun, and excitement, Dot, George, and I do hereby bequeath the following in this our last will and testament:

On behalf of our client, the class of 1946, we have gathered together today to read you this document:

To Mr. Bayley, our principal, our thanks and appreciation for his guidance throughout our four years at Whitman High.

To the faculty members our deepest gratitude for their untiring efforts in preparing our class for success.

To Gloria Lepore goes Evie Blanchard's caption, "Prettiest girl."

Harris Penniman leaves his wit and popularity to Dick Traverse.

To the future car owners at Whitman High we leave the ability to maneuver around the flagpole of such famous drivers as Joe Comerford, Steve Cole, George Dupree, and Allen Marshall.

The class coquette leaves her title to Jean Appleford.

Dickie Stetson's technique, in dancing, of course, goes to the one who can best live up to it.

To the new seniors we leave our attendance at dances, with the hope that they will show better judgment in using it.

Eddie Blanchard leaves his good looks to Forrest Nutter.

Girls, to make amends for taking Clifford Laubinger away from you at basketball games, we leave you Paul Clifford.

We leave Lillian White's dancing ability to Marilyn Hinchey.

If there's anyone who can take his place, we leave Raymond Lewis's ability to intrigue Mrs. Lapworth in commercial arithmetic to that person.

To Miss Brega is left the hope that she will not get a class composed of girls who continually talk.

Bequeathed to the English teachers are pupils who attend school on book report days.

To all future Whitman pupils we leave the senior boys' unbelievably good luck in reaching the lunchroom just when a solitary sandwich remains.

To Miss Reynolds we leave the hope that she will get the perfect shorthand class she's been dreaming of.

Peggy's towering height we leave to Gloria Loud, knowing she can use it.

To Mr. Garniss we leave the hope that future glee club members will realize the maxim, "Silence Is Golden," is not to be followed in singing.

To the freshmen we leave our earnest good wishes that they will follow in the successful footsteps of their leaders—the sophomore class.

Because she has no equal, we leave to Marjorie, herself, her ability to keep our English class laughing by confusing words and their meanings.

To future U. S. history students we leave the warnings of Miss Kalivas's daily tests.

The Whitman High assembly hall—to you we leave the thunderous echoes of pupils at the annual football rallies.

Barbara Benson's taste in clothes is bequeathed to Jadine Raynes.

We leave to the coach a long-handled whip and our sincere wishes for the success of his campaign to raise funds for Poland.

The McClellan twins' unmatched laughter we leave to the halls of Whitman High.

Pat Allen's position as secretary is hereby bequeathed to Ann Maclaughlin, and Steve Cole's unenviable office of treasurer to Forrest Nutter.

Dot Eidler's and Shirley Holmes's basketball ability is left to Charlotte Brown and Doris Aubert.

Bequeathed to Room 111 is a turnstile to count the throngs who enter and to Miss Brega the patience and fortitude to endure.

Chester Yankowski's piano playing prowess is left to Natalie Winnet.

To some unfortunate juniors we leave the chemical ability of Crowley and Cole.

We regretfully leave those many invigorating laps around the field to all future Whitman High gymnasts.

Bequeathed to Toivo Maki is Allen Marshall's position as president, and to Doris Aubert goes Peggy Gaudette's office of vice-president.

Finally to the janitors we leave the task of removing our names from the corridor walls and from our beloved desks.

To the up-and-coming seniors the opportunity to serve Whitman High School; and, as seniors, maintain their rightful position of leadership in the school. All the rest of our property not mentioned within this will, we leave to all future pupils at Whitman High to be used in any manner they so desire.

We do hereby appoint Mr. Bayley as sole executor of this, our last will and testament.

In witness whereof, we, the class of 1946, the testators, set this as our last will sealed this eighth day of June, one thousand, nineteen hundred and forty-six.

Sioux City Sue, Harriet, Small Fry.

The Student Council held the first dance of the year, "A Get-Together Gambol", on September 28. The dance was well supported, and it gave the members of the various classes a chance to get acquainted.

A committee was appointed to continue the addition of names to the Honor Roll, and all students were asked to submit the names of any former students who were not listed on the Honor Roll.

The first amendment to the Student Council Constitution was added this year. The amendment stated that the boys in the Industrial Arts course should now have a representative on the Council. It has been felt that such a representative would enable these boys to keep in much closer touch with the activities of the high school.

Delegates from our Student Council attended the Southeastern Massachusetts Student Council Conventions held at Fall River and New Bedford. These conventions discussed methods of operating student councils and ways to improve this important school organization. The meetings consisted of discussions, a banquet, and entertainment.

The sale of stamps and bonds was continued through the first of the year, with a goal set of one hospital unit.

The Council held a movie show one afternoon in the Assembly Hall, charging admission to help pay Council expenses.

The usual projects, such as carol singing, the Red Cross drive, and the Infantile Paralysis drive, were successfully carried out by the Council.

The play takes place in Mrs. Plop's exclusive boarding house, where we find Dixie, the maid, who thinks "Shakespeare am de grandest thing;" Gaylord Grant, a ham actor of the past; Joy January, a vaudevillian; and Mrs. Plop. Ronnie Ward, another boarder, is trying to sell a scenario to Sam Strudel. To do so, he must have a French Duchess to take the lead. Luckily, there arrives naive Elsie Blake, who has also been bitten by the movie bug. Ronnie persuades Elsie to impersonate a duchess who is in Hollywood for a rest. When Sam Strudel comes to meet this duchess, she tells him she can't act in his play because she is on vacation; but for her friend Ronnie she'll condescend to do this. As luck would have it, Sam Strudel discovers the plot and refuses to do the play. In the end Erasmus Q. Dinsmore, who is not only a Harvard professor but also a millionaire, produces Ronnie's play and all ends happily.

BOYS' ATHLETICS

VARSITY FOOTBALL

The varsity football team of Whitman High school started its 1945 football season under a new coach at the high school field immediately after school opened in September. He was Bruno Malinowski. Our high school was fortunate in securing his services on his return from the armed forces of the United States. He is a graduate of Abington High, Dean Academy, and Holy Cross College, where in each respective school he starred in football, baseball, and basketball.

When our season opened, a nine-game schedule stared us in the eye. With the task of really rebuilding the team, Coach Malinowski greeted a squad of about fifty boys and set to work to make a football team. After about six weeks of hard practice, Whitman was ready to face its first opponent, Bridgewater. As our team was green and inexperienced, our Coach really was not too impressed with our practices before this game. But the boys showed real spirit and fight, and Whitman emerged with a 6 to 6 tie.

Our next game was with Stoughton at our own Legion Field. When Whitman entered the game, hopes were high for a first victory; but these hopes were surely smashed when Stoughton pushed over for three touchdowns. In the first quarter, Whitman's Co-Captain Eddie Giberti caught a 50-yard desperation pass from McClellan and crossed the goal for the first time in the game. Stoughton won, 20-6.

The next opponent on our list was Stetson High of Randolph. This team, which at the end of the season emerged undefeated and copped the State Class D Championship, ran roughshod over Whitman and emerged with a 31 to 6 victory.

The next Saturday, a very formidable opponent faced Whitman. Milton provided the opposition, and it was opposition! Through effective blocking and running Milton emerged the victor by a mere 40 to 0 score. In this game the whole squad had an opportunity, and considerable experience was gained for the future games that faced us.

Navy Day, the next Saturday, we journeyed to Plymouth. Until then, Plymouth was riding high, with a string of victories. Scoring twice in the first quarter, Plymouth appeared to have another easy day. But in the second quarter Nutter took a pass from Harrington good for 30 yards and a touchdown, and the victory did not seem too sure. By expert blocking and efficient tackling Plymouth did hold till the final whistle, but victory seemed sure for Whitman. Plymouth won; but it was close, 13 to 6.

After a week of hard drill and practice Whitman faced Rockland—a rival for many years. Whitman's hopes for victory were dashed when Rockland blocked a punt in deep Whitman territory and on the next play scored. By valiant spirit and fight and excellent team play Whitman again put itself back into the game. In the final quarter, Whitman scored on a pass from McClellan to Co-Captain Eddie Giberti, who raced over for the score. Rockland luckily emerged a 7 to 6 winner.

The next game took us to Attleboro, where again we found a very strong and powerful team. By expert playing on the part of Brine, Harrington, McCarthy, Comerford, Jones, Hogg, Brown, and Giberti, Attleboro held to just an 18 to 6 score. Again Lady Luck was not on our side.

The eighth game of the season was on hand, and Hingham was the opponent. Having the strongest team in years, Hingham came to Whitman very cocky. The Whitman team threatened all through the game, and in the second quarter pushed the ball over the goal line; but the score did not count. In the final quarter Hingham scored. It was a thoroughly scared team that traveled back to Hingham with a mere 6 to 0 victory.

The final game of the season was the annual Turkey Day Classic with Abington at the Abington High Field. The game promised to be close, and a crowd of about 7,000 watched keenly the rivalry of the schools. The score at the end of the half was Abington 12, Whitman 6. In the third quarter a run of 80 yards for a touchdown by Bert Brine was nullified, and this really put the game on ice. Abington showed a little too much power and speed late in the game for the Whitmanites and emerged a 27 to 6 victor.

Our season closed with a banquet for the team in January, at which sweaters and letters were presented to the members of the team. Although the season was not too successful, Coach Malinowski spoke of his hopes for future championship teams representing Whitman High.

Outstanding players in the squad were Co-Captains McCarthy and Giberti; Straffin and Danner, Garrigan, Hill and Brown, Nickerson and Hogg, Comerford and Stetson; and last, but not least, Bert Brine and little "Red" Harrington.

VARSITY BASKETBALL

Whitman High's varsity basketball team had an unsuccessful season this year. Somehow or other, the team couldn't get on the road to victory and stay there. The season opened with Whitman against Sumner High of Holbrook. By flashy shooting and fine passwork Whitman won, 41 to 33. Then we travelled to East Bridgewater, and in a very close game Whitman was defeated, 35 to 23. Then Lady Luck was against us, and we lost three in a row to Rockland, by a close margin, Abington, and Plymouth. After a few days of extra hard practice, we faced East Bridgewater, out for revenge. By fancy shooting by Racicot and Laubinger, Whitman won, 34 to 19. Again the following Friday night Whitman defeated Holbrook by a 42 to 30 score. In the closest game of the season Whitman played Middleboro at our gym. With a capacity crowd on hand, the opening whistle started the game. With Racicot, Laubinger, Giberti, Brine and Stetson displaying fine shooting and passing, a victory loomed in the distance for Whitman. The score at the half was 18-18; at the end of the third quarter it was 24-24; and with a basket by Mitchell of Middleboro in the last three seconds of play Whitman lost a heartbreaker, 34 to 32.

We then lost six games in a row to Braintree, Middleboro, Abington, Rockland, Plymouth, and Natick.

Whitman entered the South Shore Basketball Tournament at the Y. M. C. A. Gym in Brockton, with North Attleboro as our opponent. Displaying a little more accurate shooting and passing, North Attleboro defeated Whitman by a 38-31 score.

The boys who were on the team were Eddie Giberti, Cliff Laubinger, Art Racicot, Dick Stetson, Bert Brine, and Red Harrington.

VARSITY BASEBALL

This year's baseball team looks very promising. Many veterans are returning from last year's diamond nine, with whom Coach Malinowski will be able to form an excellent team. Veterans returning are Bert Brine and Cameron McClellan, excellent pitchers; Forrest Nutter, Don Botieri, Mal Holbrook, Jones, and Giberti.

A new South Shore League was formed, and Whitman High was entered with other schools in the district. Our season opened on April 16 against Bridgewater, and this proved to be our first victory of the year. With excellent pitching by Cameron McClellan and excellent hitting by Botieri, Holbrook, Harrington, and Brown, Whitman won, 11-5. The feature of the day was a three-run homer by Don Botieri in the fourth inning, which put the game on ice for Whitman.

Time allowed only one game to be played before we went to press, but a successful season should be enjoyed by the Whitman High School diamond nine for 1946.

GIRLS' ATHLETICS

Of the various activities in high school none attracts more girls than sports, and Whitman offers a good variety.

SOCCER

In September we eagerly awaited the start of soccer. After we had met our new coach, Miss Pratt, captains were chosen. Several exciting games were played and enjoyed, but soon the girls' thoughts turned to indoor sports.

BASKETBALL

The shouts and peals of laughter coming from the gym on Tuesday and Thursday afternoons gave evidence of the exciting competition among the intramural basketball teams under the direction of Miss Pratt.

There were four teams participating: the freshmen, with Captains Julia McCarthy and Mary Sproul; the sophomores, with Captains Charlotte Brown and Mary Ann Curby; the juniors, with Captains Doris Aubert and Gloria Loud; the seniors, with Captains Edna McClellan and Shirley Holmes.

A series of exciting games was played, with the juniors coming out on top. Next came varsity, which was in full swing this year, with many eager new and old members participating. After two or three practices, candidates were chosen for the two varsity teams. Dorothea Eidler and Shirley Holmes were chosen co-captains of the first team, and Mary Ann Curby, captain of the second team. Ardelle Washburn was voted in as team manager.

This year the girls had a very successful season with seven well-earned victories from ten hard-fought games.

The most exciting game of the season was the thriller played against Avon, which was long undefeated before coming to Whitman. It was a battle from start to finish and a game that really kept the fans guessing.

Both teams awaited the starting whistle, and the game was off to a fast start. Whitman started off on the right foot by chalking up the first two points, but Avon was soon to follow with an 8-4 lead at the end of the first quarter. However, that didn't stop the Whitman girls from rallying to better their score. Guards and forwards, alike, used their most clever plays to outwit the opposing six; but the score at the half was 15-9, still in favor of Avon.

It wasn't until the second half that Whitman really began to play basketball. Baskets were made from all sections of the floor while the score see-sawed back and forth between the two battling teams.

As it was nearing time for that final whistle, Doris Aubert sank a free shot, making the needed point which secured the victory for Whitman, 22-21.

Because of the well co-ordinated teamwork, plus good sportsmanship and a strong will to win, the girls succeeded in setting one of the best records of the girls' varsity basketball in a number of years.

When you consider the fact that the Whitman girls spoiled the record of two undefeated teams by one point, you'll realize why this was an exceptionally exciting season, and why the girls have reason to be proud of their good work.

The games and scores were as follows:

	Opponents	*Whitman*
Randolph	23	22
Rockland	8	21
Avon	21	22
Holbrook	18	19
Rockland	12	17
Randolph	32	24
Abington	12	27
Avon	22	30
Abington	18	31
Holbrook	36	24

SOFTBALL

The warm, bright spring days, ideal for outdoor sports, seemed to beckon eager softball players out to the diamond. After several practices, captains were elected and teams chosen for the series of games to be played during the season.

To the pitchers' woes, skilled players hit singles, doubles, triples, and sometimes even homers and then ran around those bases to get in that run! There was plenty of fun for everyone in spite of strike-outs, fly-outs, or foul-outs, and the girls really knew their softball when they were finished.

Yes, softball is a fitting climax to our parade of sports. We're only sorry we won't be back for another game next year. But in later years we hope we remember that well-known phrase, "If you can't take part in a sport, be one anyway."

CHEERLEADERS

Left to right: Jean Appleford, Jadine Raynes, Madlyn Ware, Barbara Cavicchi, Virginia Gray, Marian Schnyer, Doris Aubert.

Whitman High Football Song

Cheer as the team tears by;
For Whitman High we'll do or die.
We will win,
Because our spirit is undying;
And we will rush right through
As the ball o'er the goal line goes.
We will FIGHT! FIGHT! FIGHT!
Then let victory be our cry.

Appreciation to Advertisers

Since it is impossible to thank individually all the persons who have helped to make our yearbook a success, the Class of 1946 and the Yearbook Staff welcome this opportunity to thank all the merchants of the towns of Whitman, Hanson, and Halifax for their hearty co-operation in making this book possible.

ATHLETIC COUNCIL

The purpose of the Athletic Council is to conduct an athletic program for the school. It is through the A. A. that all uniforms and equipment are purchased. This year the Council enrolled the entire student body only four days after the membership drive started at the beginning of the year.

In the September elections Mr. Leo Lane was selected as faculty manager. The officers chosen were Bert Brine, president; Paul Clifford, vice-president; Patricia Allen, secretary; and Dorothea Eidler, treasurer. Class representatives selected were Clifford Laubinger, senior; Doris Aubert, junior; and Robert Marshall, sophomore.

On the first of May, the following were awarded W's:
